INTERNAL MEDICINE JOURNAL

aims and scope

The *Internal Medicine Journal*, formerly known as the *Australian and New Zealand Journal of Medicine*, is the official journal of the Adult Medicine Division of The Royal Australasian College of Physicians (RACP). Its purpose is to publish high-quality original medical research, both laboratory and clinical, relating to the study and research of human disease. Papers will be considered from all areas of medical practice and science. The Journal also has a major role in continuing medical education and publishes review articles relevant to physician education. Except where otherwise stated, articles are peer reviewed.

abstracting and indexing

This journal is indexed by *AIDS Abstracts, Australian Medical Index, Biological Abstracts (BIOSIS), Biomedical Reference (EBSCO), Cambridge Scientific Abstracts, Chemical Abstracts Service, Current Contents/Clinical Medicine (AN ISI product), EMBASE/Excerpta Medica, International Pharmaceutical Abstracts (IPA, Journals @ Ovid and MEDLINE.*
